Introductory Statement

This SEN Policy was formulated by the Special Education Teacher (SET) team and the principal, in consultation with staff and parents, and in accordance with Circular No 0013/2017.

School Information

Scoil Naomh Buithe is a Catholic school under the patronage of the Archbishop of Armagh. We cater for boys and girls from Junior Infants to Sixth Class, and we endeavour to create a positive and inclusive atmosphere that respects all children, regardless of their religious, social, cultural background or special educational needs. Enrolment currently stands at 112 boys and 99 girls. There are 12 teachers in the school (2018/19); the principal, 8 mainstream class teachers and 3 special education teachers.

Rationale

The purpose of this policy is to:

- Provide practical guidance to staff, parents and other interested parties about our SEN procedures and practices.
- Outline the framework for addressing additional needs in our school.
- Comply with legislation (Education Act 1998, Equal Status Act, 2000)
- Fulfil DES circular 0013/17: Circular to the Management Authorities of all Mainstream Primary Schools Special Education Teaching Allocation, and new 2017 Guidelines for Primary Schools: Supporting Pupils with Special Educational Needs in Mainstream Schools.

Belief Statement

Our school is dedicated to the implementation of an effective system for meeting the needs of all our pupils in accordance with our mission statement, the resources provided by the DES and the Board of Management.

We believe that all our children have a right to an education, which is appropriate to their individual needs. We strive to ensure that all our children feel that they are a valued part of our school community. We are fully committed to the principle of inclusion. This policy aims to enable children with Special Education Needs (SEN) and children whose first language is not English, to become fully integrated members of our school community. This will be achieved by careful consideration of the needs of each child and by either modifying the environment, activities or by providing support that will help the child to participate in them.

Aims of the Policy

This policy aims to outline our procedures and practices of how we:

- Identify additional needs that our pupils may have
- Allocate resources to effectively meet the needs of children with additional needs
- Divide the roles and responsibilities among our school community in relation to pupils with additional needs
- Track, monitor, review and report on the progress of children with additional needs
- Communicate information between the SET team, principal, staff and parents/guardians.

Roles and Responsibilities

Board of Management:

The BOM oversees the development, implementation and review of school policy on SEN. They also ensure that adequate classroom accommodation, secure storage space and effective teaching resources are provided.

Principal:

The *Learning Support Guidelines (2000, P.39)* outlined that the principal has overall responsibility for SEN procedures and practices in the school. The new allocation model states the principal's leadership role is central and includes the following:

The school principal should:

- Implement and monitor the school's Additional Needs policy on an on-going basis
- Assign staff strategically to teaching roles, including special education roles
- Co-ordinate teachers' work to ensure continuity of provision for all pupils
- Ensure that whole-school procedures are established to facilitate the effective involvement of parents, pupils and external professionals/agencies
- Ensure that effective systems are implemented to identify pupils' needs and that progress is monitored methodically
- Facilitate the continuing professional development of all teachers in relation to education of pupils with special educational needs, and ensure that all school staff (class teachers, special education teachers and special needs assistants) are clear regarding their roles and responsibilities in this area
- Assign responsibility for coordinating additional support to an identified teacher (i.e. SENCO)
- Communicate with the SENO (Special Education Needs Organiser)
- Oversee a whole school assessment and screening programme
- Co-ordinate the whole-school standardised testing at each class level
- Oversee the tracking system of test results on password-protected Aladdin software to monitor the progress of pupils
- Allocate time within the school timetable for the SET/SEN team to plan and consult with teachers and parents

- Inform staff about external agencies and provide information on continuing professional development in the area of SET
- Meet with parents regarding any concerns about their child and update them regarding their progress.

SEN Co-ordinator:

SEN co-ordinator (SENCO) should:

- Communicate with the principal in relation to SEN matters on an on-going basis
- Liaise with external agencies about the provision for pupils with additional needs
- Liaise with the NEPS psychologist, the SET team and class teachers to prioritise children for psychological assessments (NEPS)
- Liaise with SET team and class teachers to identify, support and monitor children with additional needs
- Co-ordinate regular SET team planning meetings to ensure effective communication and support for children with additional needs
- Collaborate with the SET team in creating timetables for additional support
- Meet with parents regarding any concerns about their child, advise parents on procedures for availing of special needs services and update them regarding their progress
- Co-ordinate the screening of pupils for additional support, using the results of standardised tests
- Select children for external diagnostic assessment, where parental permission has been sought and granted
- Maintain lists of pupils who are receiving additional support.

Class Teacher:

Class teachers have primary responsibility for the teaching and learning of **all** pupils in their class, including those selected for additional support.

They should

- Implement teaching programmes which optimise the learning of all pupils and, to the greatest extent possible, prevent the emergence of learning difficulties
- Create a positive learning environment within the classroom
- Differentiate teaching strategies, approaches and expectations to the range of experiences, abilities, needs and learning styles in their class
- Administer and correct standardised tests of achievement in literacy and numeracy, following the school's guidelines
- Discuss outcomes of standardised testing with SEN team to assist in the selection of children for supplementary teaching
- Meet with parents regarding any concerns about their child and update them regarding their progress
- Gather information and assess children presenting with needs to inform teaching and learning using the Continuum of Support
- open a Student Support File once additional needs have been identified and require classroom support

- Develop classroom support plans for children in receipt of Classroom Support
- Collaborate with the SET team to develop School Support Plans for each pupil in receipt of School Support or School Support Plus Plans
- Collaborate with Special Education Teachers and relevant staff to develop an individual School Support Plus plan for each pupil in receipt of School Support Plus
- Meet regularly with Special Education Teachers, relevant staff and parents to review support plans
- Where applicable, collaborate with the SET team regarding teaching aims and activities for team teaching
- Adjust the class timetable to ensure that children in receipt of supplementary teaching will not be absent for the same subject/activity during each session
- Co-ordinate the role and responsibilities of the SNA in relation to the needs of pupils with SEN within the class(es) to which they are assigned
- Liaise with and seek advice from the SET team

Special Education Teacher (SET)

The SET should:

- Familiarise themselves with a wide range of teaching approaches, methodologies and resources to cater for particular learning styles and to meet a variety of need
- Assist in the implementation of a broad range of whole school strategies aimed at prevention and early intervention
- Collaboratively develop, with class teachers and other staff, School Support Plans for each pupil selected for school support teaching
- Meet with class teachers, parents/guardians and other staff members to identify priority learning goals for each pupil in receipt of School Support Plus and collaborate with class teachers and relevant staff to develop a plan for each pupil in receipt of School Support Plus
- Regularly meet with class teachers, relevant staff to review plans
- Meet twice a year with class teachers, relevant staff and parents to review plans
- Update and maintain planning and progress records for each individual or group of pupils in receipt of school support
- Provide supplementary teaching for literacy and numeracy on a withdrawal and in-class support basis
- Support whole-school procedures for screening
- Administer and interpret diagnostic tests and inform class teachers and parents of the outcomes
- Meet with parents regarding any concerns about their child and update them regarding their progress
- Offer advice and support to class teachers regarding pupils on their caseload
- Discuss the needs and progress of children on their caseload at planning meetings
- Provide necessary information to a SEN pupil's receiving school once a transfer letter has been received.

Special Needs Assistants:

The duties of the SNA are carried out according to the guidelines for Special Needs Assistants from the Department of Education and Skills, and under the direction of the principal/class teachers the SNA will meet the care needs of the SEN pupils to which they have been assigned. (Circular 10/76).

The SNA should:

- Support the needs of pupils in effectively accessing the curriculum
- Contribute to the quality of care and welfare of the pupils
- Attend, where possible, training courses/workshops provided by the BOM
- Attend School Support Plus planning and review meetings and/or meetings with relevant professionals, when necessary
- Ensure the safety of the SEN pupils in the schoolyard, and be present for the duration of the yard breaks along with the teachers on duty
- Maintain a record of support provided to their SEN pupils
- Accompany SEN pupil to supplementary lessons when appropriate.

Parents/Guardians:

Collaboration and sharing of relevant information between home and school are essential elements of our SEN policy. Parents/Guardians, through their unique knowledge of their own children, have much to contribute to their child's learning.

Parents/Guardians should:

- Share any information, reports or reports pending from health professionals, and/or concerns regarding their child's development. Copies of professional reports should be provided to the school at the enrolment stage
- Support the work of the school and keep the class teacher informed of the progress and challenges they observe in their child's learning
- Attend meetings arranged by the class teacher or SET team
- Support the targets outlined in their child's support plans and engage in all suggested home-based activities
- Inform the post-primary school of their child's needs, at the transition stage

Pupils:

Pupils who are in receipt of supplementary teaching should, as appropriate:

- Be given the opportunity to contribute to the setting of the medium and short-term learning targets
- Become familiar with the targets that have been set for them
- Develop 'ownership' of the skills and strategies that are taught during supplementary teaching and learn to apply these strategies and skills to improve their own learning
- Contribute to the evaluation of their progress by participating in appropriate assessment activities, including self-assessment.

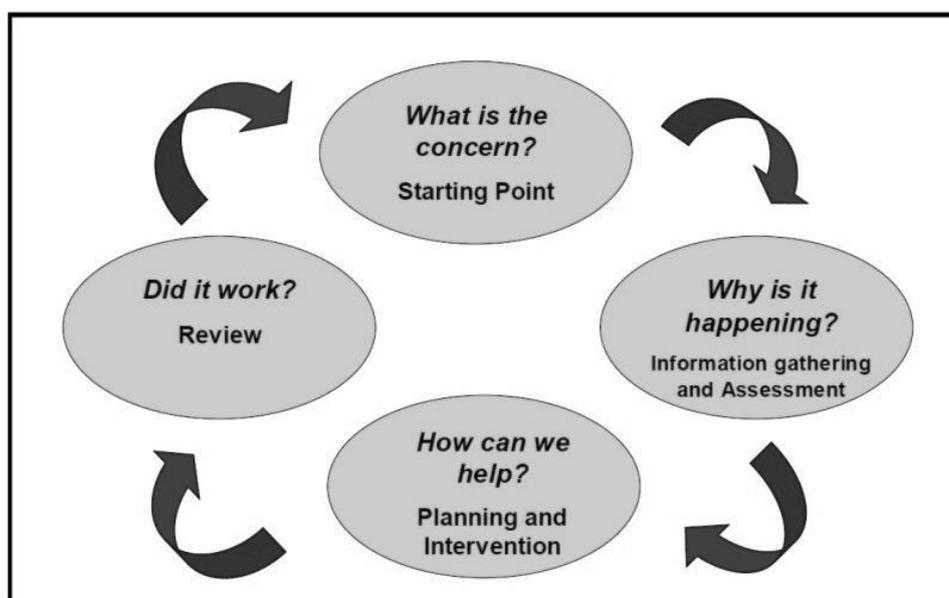

Identifying Pupils with Additional Needs

Continuum of Support

We use the Continuum of Support Framework set out by the Department of Education to identify and support children with additional needs. Like this framework, we recognise that special educational needs occur along a continuum, ranging from mild to severe, and from transient to long-term and that pupils require different levels of support depending on their identified additional needs. By using this framework, it helps us implement a staged approach to ensure that our support and interventions are incremental, moving from class-based interventions to more intensive and individualised support, and are informed by careful monitoring of progress.

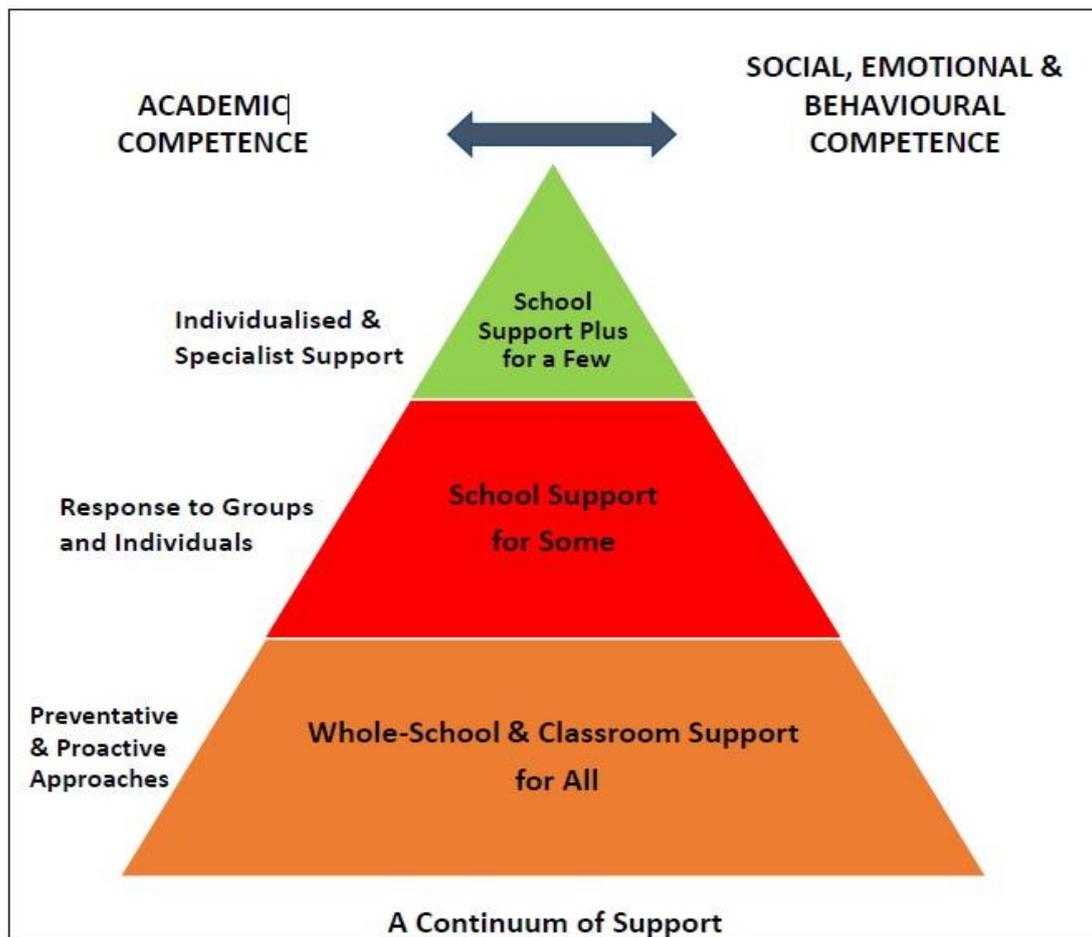

The Continuum of Support is a problem-solving model of assessment and intervention that enables us to gather and analyse data, as well as to plan and review the progress of individual pupils.

This problem-solving process is illustrated as follows:

Identification of educational needs is central to our policy and the new allocation model. By using the Continuum of Support framework, we can identify pupils' educational needs, to include academic, social and emotional needs, as well as needs associated with physical, sensory, language and communication difficulties. This, in turn, allows us to identify and respond to needs in a flexible way.

The Continuum of Support suggests the following levels of support:

STAGE 1 - CLASSROOM SUPPORT

Classroom Support is the most common, and typically the first, response to emerging needs. It is a response for pupils who have distinct or individual educational needs and who require approaches to learning and/or behaviour which are **additional to or different** from those required by other pupils in their class. Problem-solving at this level typically begins when a parent or teacher has concerns about an individual pupil. The teacher and parents discuss the nature of the problem and consider strategies which may be effective. Classroom Support incorporates the simple, informal problem-solving approaches commonly used by class teachers to support emerging needs.

STAGE 2 - SCHOOL SUPPORT

In some cases, interventions at classroom support level are not enough to fully meet the pupil's special educational needs. School Support may, therefore, be required. The class teacher needs to involve the Special Education team in the problem-solving process at this point and it involves more systematic gathering of information and the development and monitoring of a School Support Plan.

STAGE 3 SCHOOL SUPPORT PLUS

If a pupil's special educational needs are **severe and/or persistent**, they are likely to need intensive support. School Support Plus will generally involve personnel outside the school team in the problem solving, assessment and intervention process. However, the information from Classroom Support and School Support work will provide the starting point for problem-solving at this level.

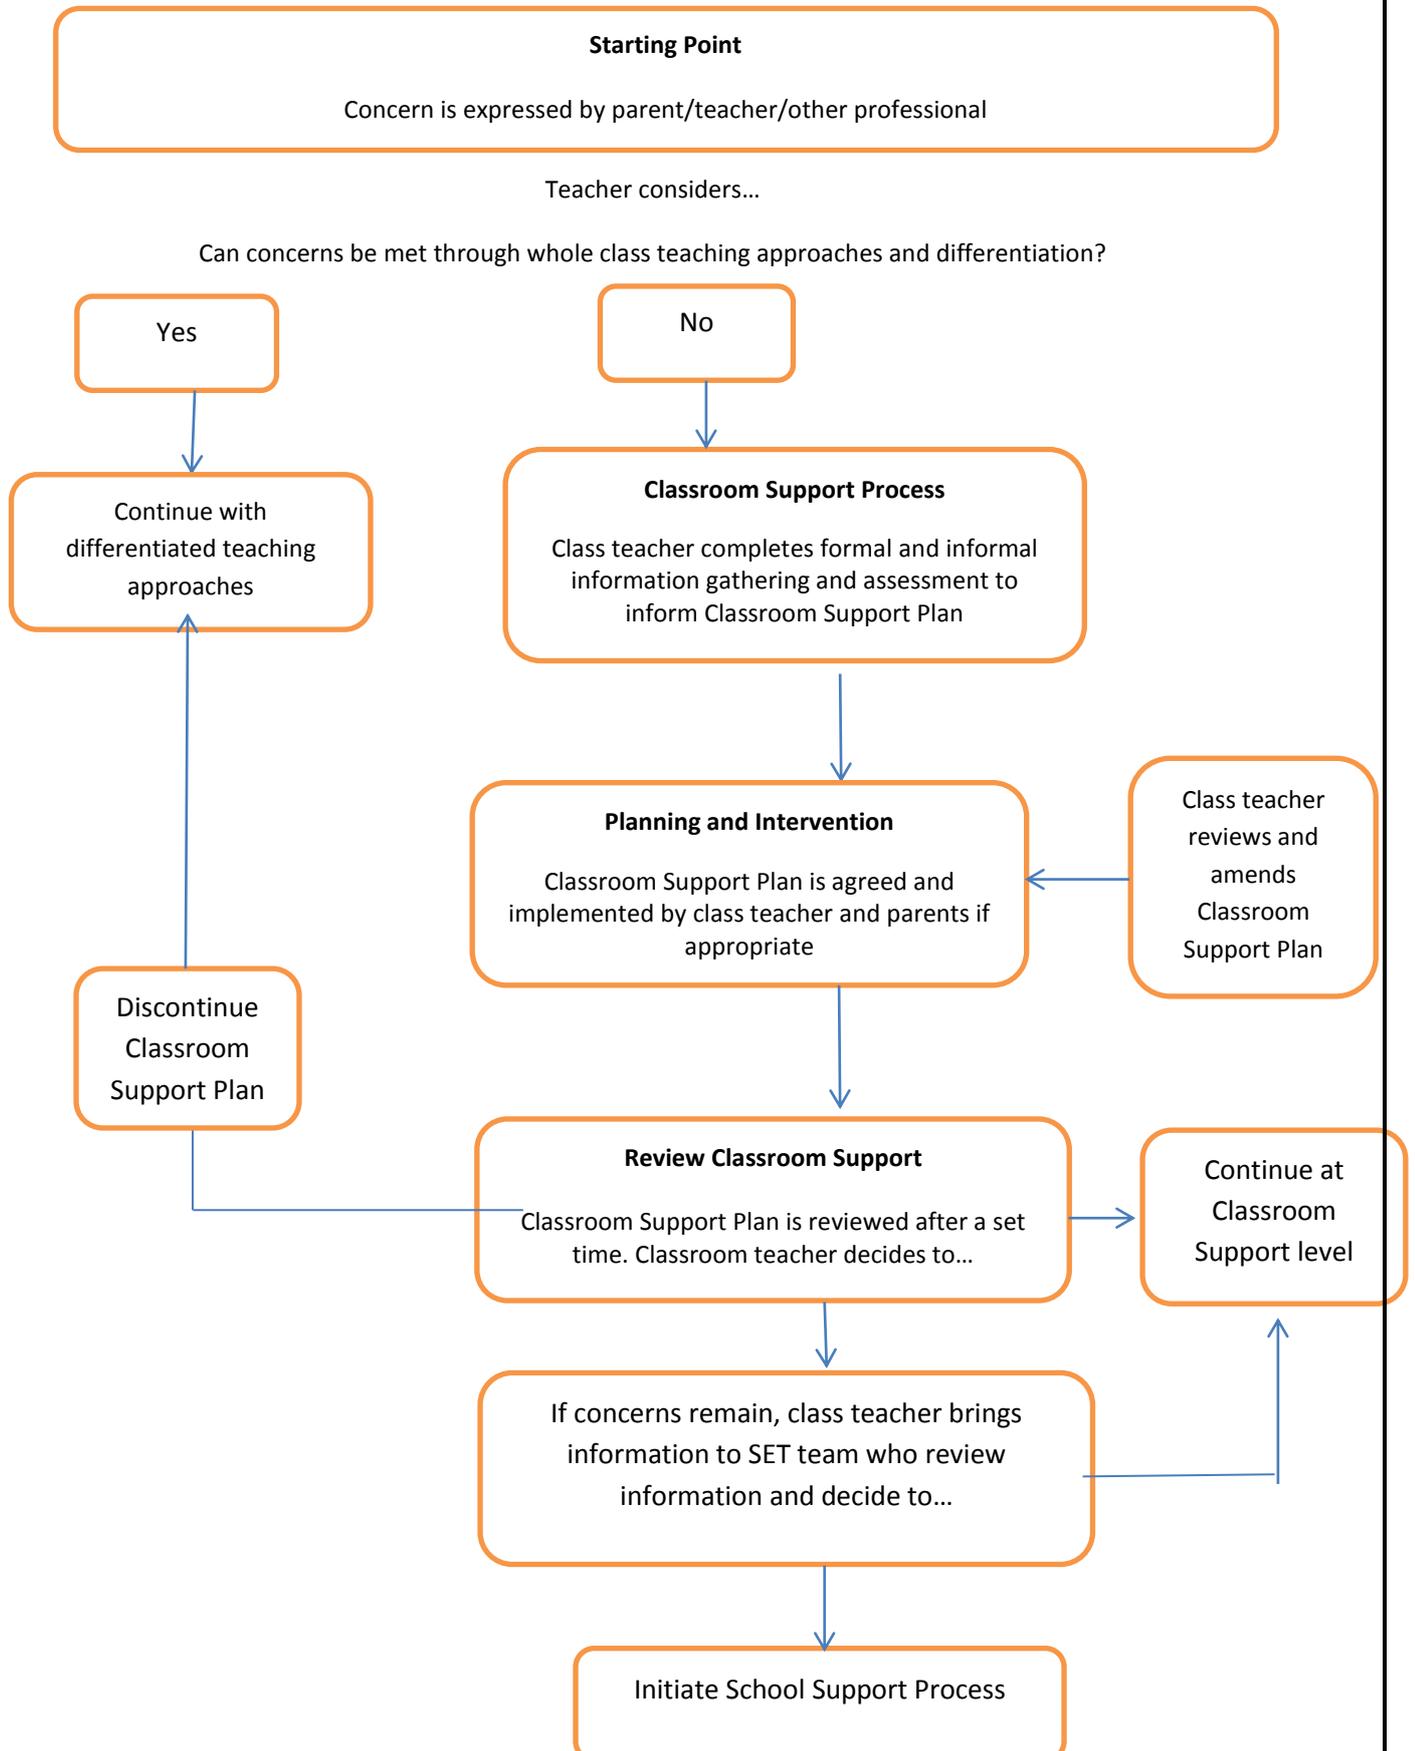

The flow diagrams below outline how we gather information to identify needs and support children with additional needs. A more comprehensive explanation of each stage can be found in the Continuum of Support – Guidelines for teachers

https://www.education.ie/en/Schools-Colleges/Services/National-Educational-Psychological-Service-NEPS-/neps_special_needs_guidelines.pdf

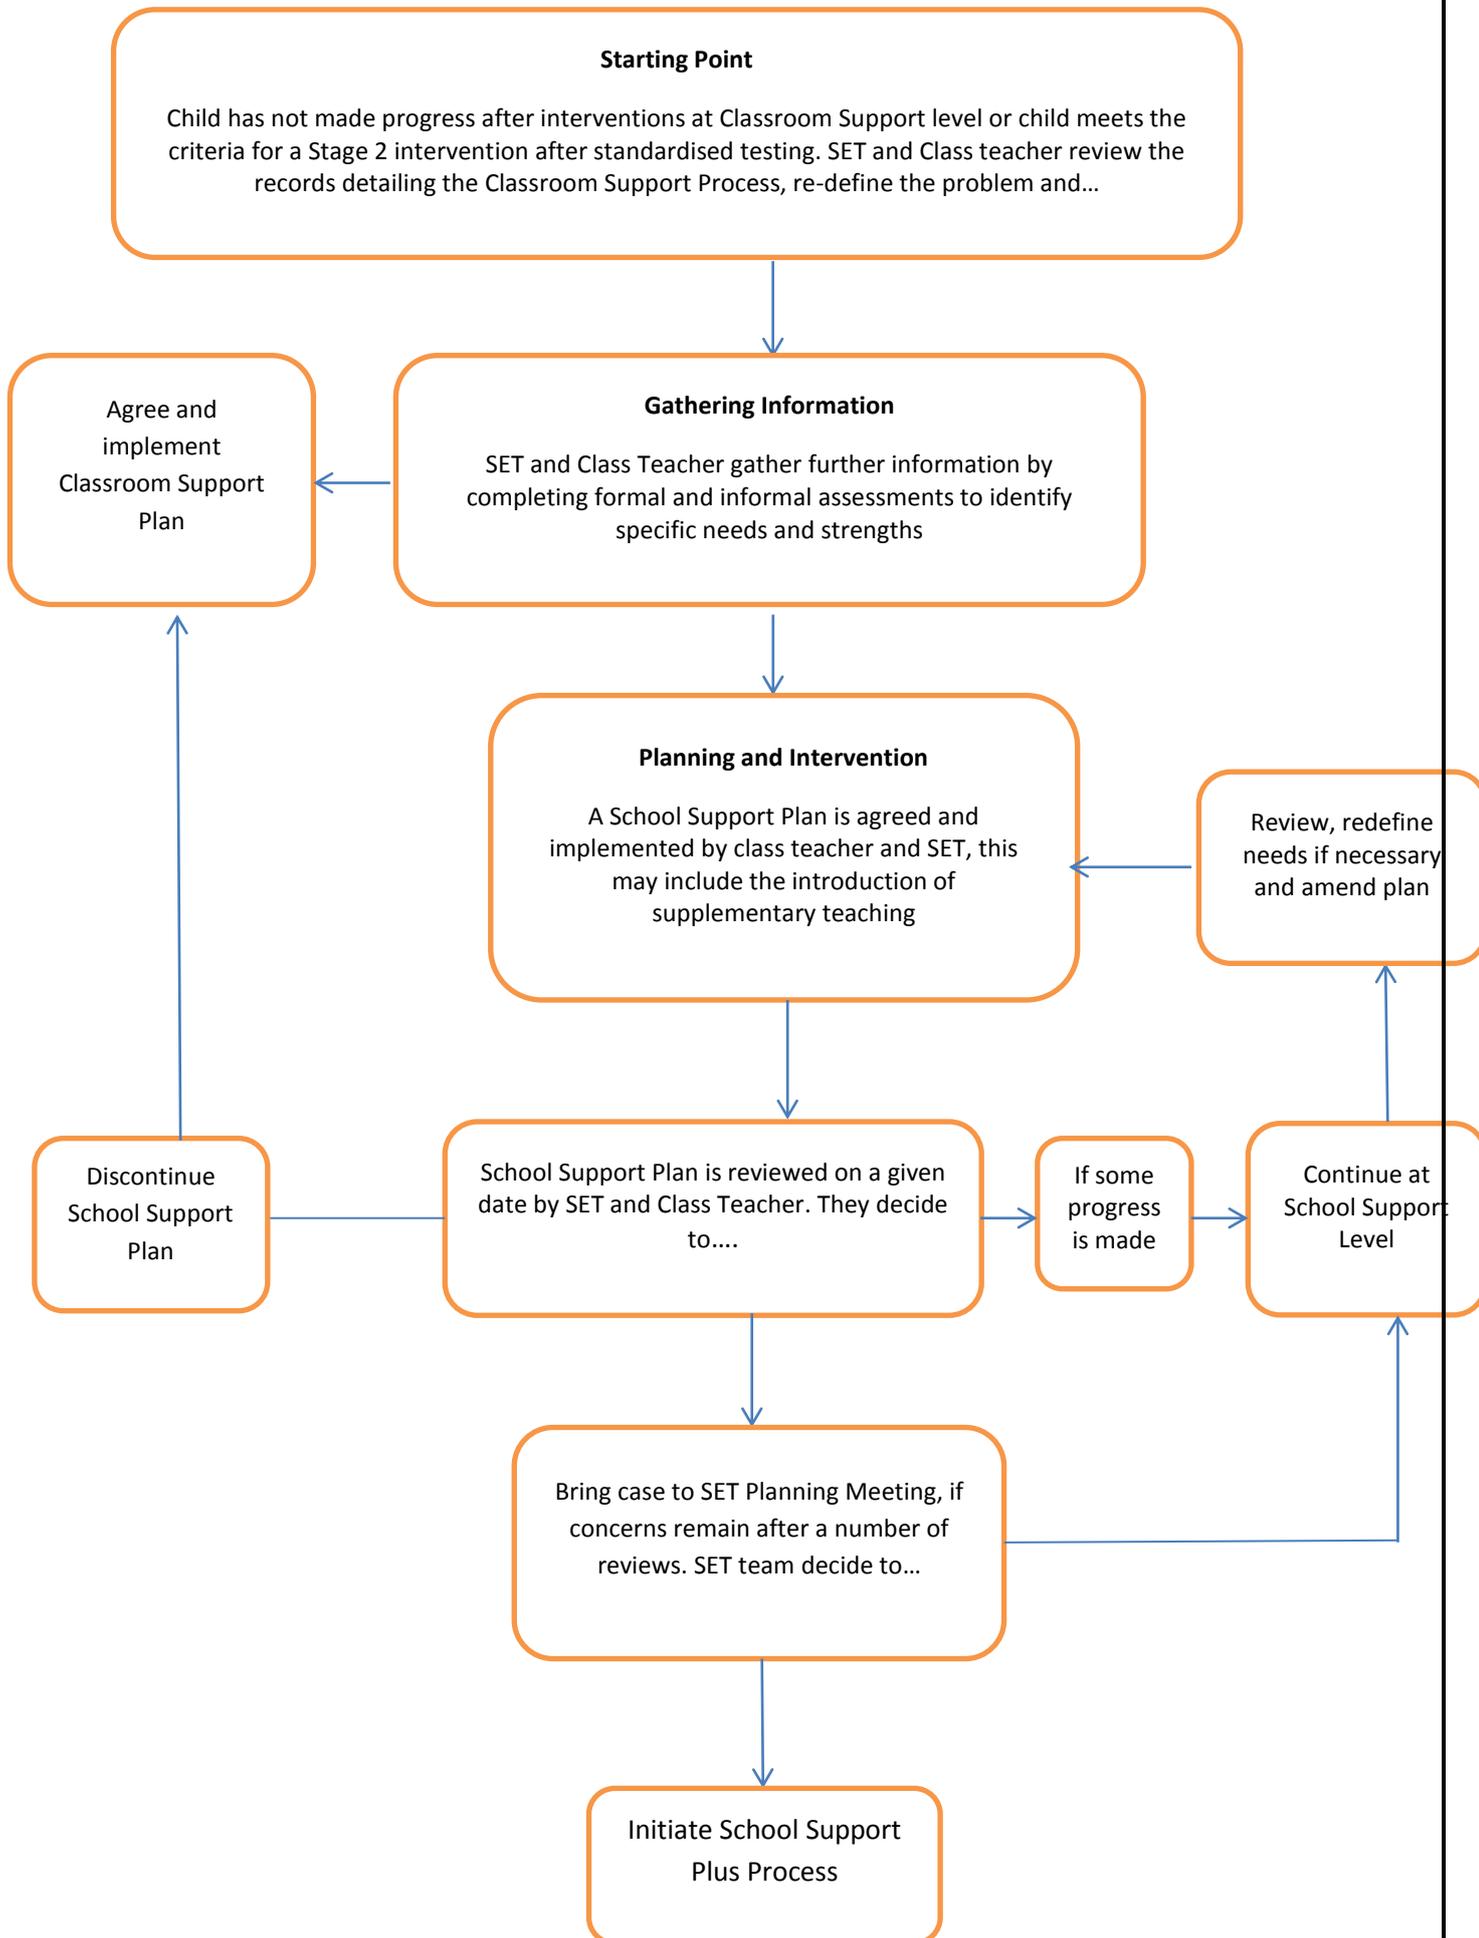

CLASSROOM SUPPORT PROCESS

STAGE 1

***While most pupil's initial needs should be met through classroom based interventions, a small number of pupils may arrive at school with difficulties that are more significant or which are immediately recognised. In such cases, it may be more appropriate to begin with a School Support or School Support Plus Plan. Most of the pupils to whom this applies will be new to the school. However, it may also apply for some pupils following an event which impacts significantly on them in school. ***

SCHOOL SUPPORT PROCESS STAGE 2

SCHOOL SUPPORT PLUS

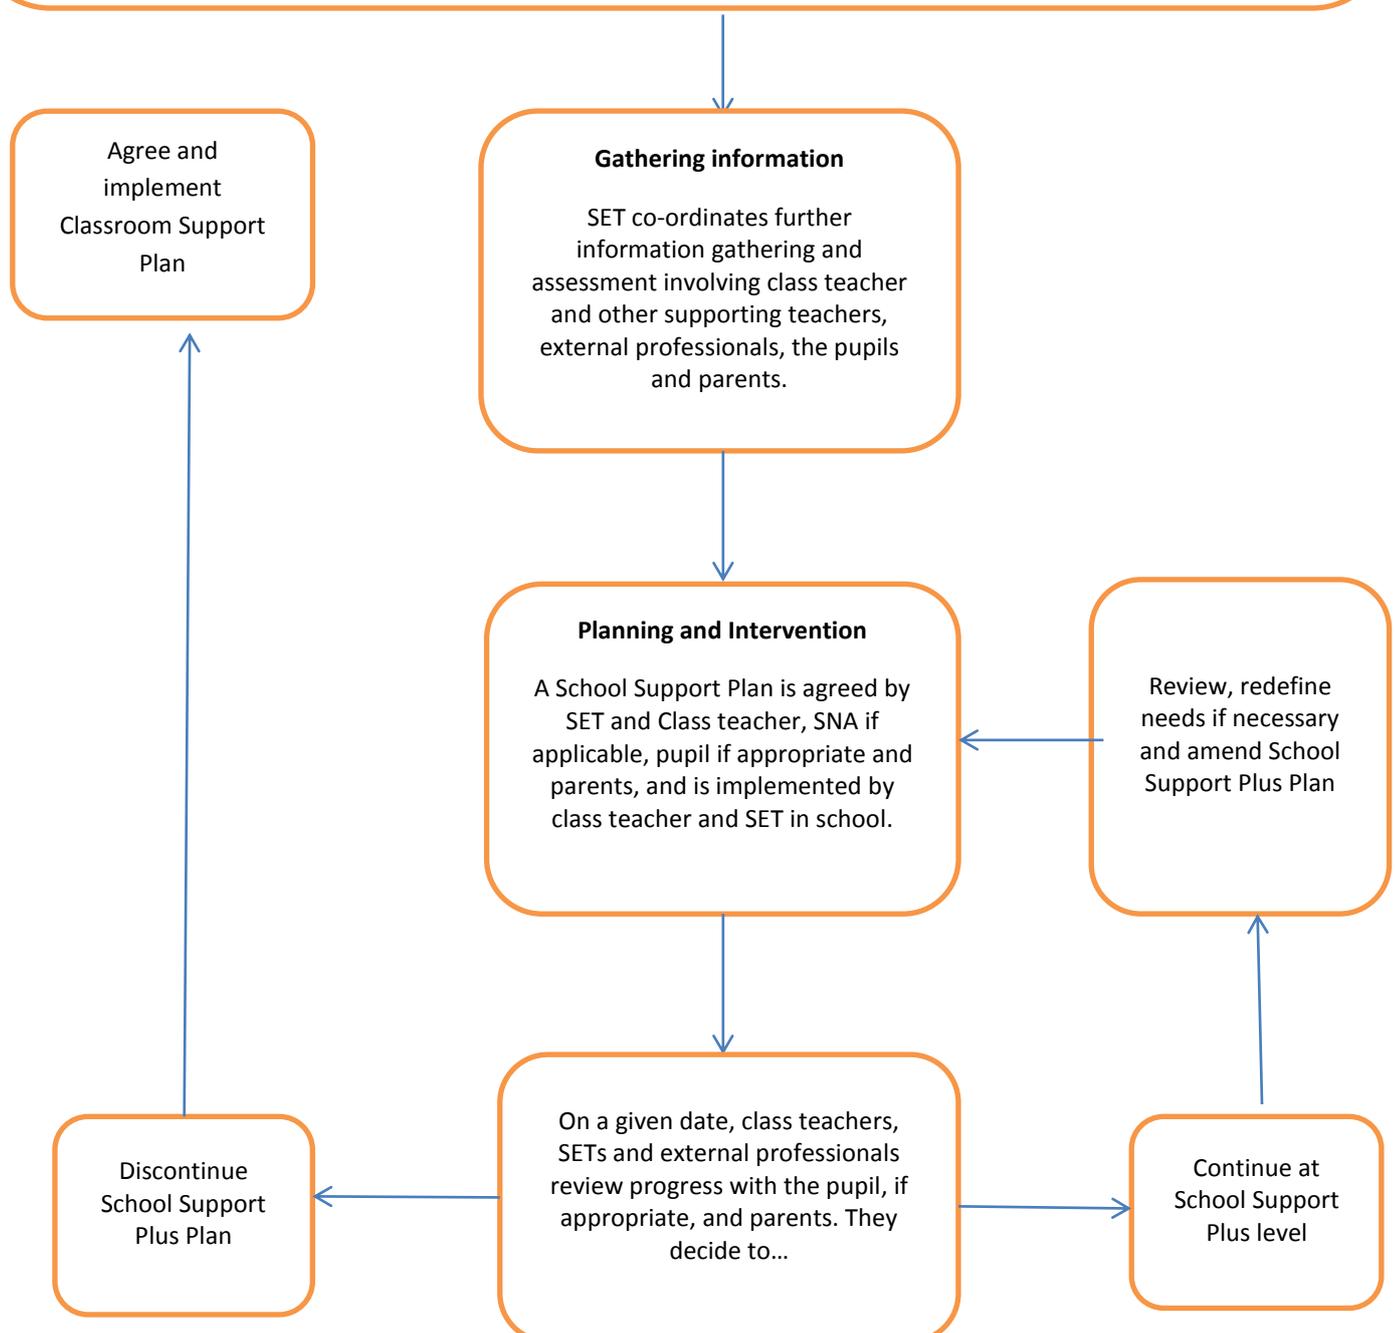

STAGE 3

Starting Point

Child has not made progress after interventions at school support level or child meets the criteria for Stage 3 after a diagnosis from an outside agency

SET and Class Teacher consider...

- Are the pupil's needs causing significant barriers to learning or impeding development of social relationships?
- Is progress inadequate despite support provided?
- Were interventions based on evidence from assessment, well-planned and given time to work?

Information Gathering and Assessment

Assessment is part of what a class teacher does on a daily basis for all children. Some methods include self-assessment, questioning, teacher observation, portfolios of work and teacher-designed tasks and tests. The information gathered enables the teacher to plan learning experiences based on the appropriate objectives from the curriculum.

In order to identify **pupils who may require supplementary teaching**, screening (including standardised testing) is carried out in all classes periodically/annually and further diagnostic testing may need to take place. The information gathered from these formal assessments is then used to inform decisions for support and pupil's support plans.

Exceptionally able children can also have special educational needs. Because regular schoolwork may not provide sufficient challenge they may experience boredom, which can lead to frustration at school. In addition, many may feel isolated and uncomfortable with their ability. This can lead to them under-achieving in school in an effort to conform. There are several approaches that can be of help, and sometimes a combination of all of these may be needed. See

https://www.sess.ie/sites/default/files/Categories/ASD/23Exceptionally_Able_Gifted_Talented.pdf

As per SESS guidelines, within a school it would probably be reasonable to use a working definition, which would say that children with ability at the 97th percentile level in at least one area are seen as having special needs."

Assessment and Screening Tests:

In our school we carry out the following assessment procedures:

- Junior Infants: Observation, Phonics checklists, Sight word checklists, Reading fluency checks, Early Literacy Test (ELT), BIAP (on selected pupils), Planet Maths Seasonal/termly assessments.
- Senior Infants: Observation, Phonics checklists, Sight word checklists, Reading fluency checks, Test2r, Jolly Phonics Reading Assessment, Maths Recovery (on selected pupils), Planet Maths Seasonal/termly assessments.
- 1st class: Observation, Phonics checklists, Sight word checklists, Reading fluency checks, NNRIT, Drumcondra Reading, Drumcondra Spelling, Sigma T, Maths Recovery (on selected pupils), Planet Maths Seasonal/termly assessments and check-ups.
- 2nd class: Observation, Phonics checklists, Sight word checklists, Reading fluency checks, Drumcondra Reading, Drumcondra Spelling, Sigma T, Maths Recovery (on selected pupils), Planet Maths Seasonal/termly assessments and check-ups.
- 3rd to 6th class: Observation, Drumcondra Reading, Drumcondra Spelling, Reading Zone assessments, Sigma T, Planet Maths Seasonal/termly assessments.

We continually review the assessment and screening tests that we use in order to balance the needs of our pupils and the need to provide information for appropriate support. Therefore, we may deviate from the above list prior to the review date.

Inventory of Test Materials

Screening Tests

- Belfield Infant Assessment Profile (BIAP)
- Early Literacy Test (ELT)
- Test2r
- Jolly Phonics Reading Assessment
- Drumcondra Reading
- Drumcondra Spelling
- Sigma-T
- New Non- Reading Intelligence Test (NNRIT)

Diagnostic Tests

In our school, the following tests are available for administration:

- RAIN Sentence Reading Test
- Quest Literacy and Maths tests
- York Assessment of reading for Comprehension (YARC)
- Dyslexia Screening Test (DST-J)
- Nessy Dyslexia Quest
- Neale Analysis of Reading Ability (NARA)
- Diagnostic Reading Analysis (DRA)

Prevention and Early Intervention Strategies

Our strategies for preventing learning difficulties include:

- The development of agreed approaches to the teaching of Literacy and Numeracy in order to ensure progression and continuity from class to class.
- Provision of additional support in language development and any relevant early literacy and mathematical skills to pupils who need it.
- Ongoing structured observation and assessment of the language, literacy and numeracy skills of pupils in the Infant and Junior classes to facilitate early identification of possible learning difficulties.
- Close collaboration and consultation between the Infant and Junior class teachers and the SET team.
- Promotion of literacy e.g. Print-rich environment, DEAR (Drop Everything and Read), Peer Tutoring for Reading Fluency, Literacy Lift Off, PM levelled reading programme, Pre-literacy programme.
- Promotion of Numeracy e.g. Ready Set Go Maths, Maths Recovery, Problem solving programme, IZAK9, Pre-numeracy programme.
- Parental involvement in promoting literacy and numeracy e.g. Literacy Lift Off (including Parent Information evening), PM levelled reading programme, Maths Board Games project, Homework Guidelines for Parents.
- Differentiation - adapting the learning environment.

- In-class support from the SET team.
- Guided Reading/Team Teaching/Aistear.
- Withdrawing individuals/groups.

Meeting the Needs and Allocating Resources

Once pupils needs have been identified, Special Education Teachers (SETs) are deployed to address these needs as required. We deploy SETs in a variety of ways, in order to effectively meet pupils' needs. We aim to strike a balance between in-class support, group and individual support while ensuring that the needs of children with additional needs are met inclusively.

Importantly, the level and type of support reflect the specific targets of individual pupils as set out in their support plans and are informed by careful monitoring and review of progress. In this way, following a period of intervention, some pupils may no longer require additional teaching supports; some may require the same level, while others may require more intensive supports.

In planning the allocation of additional teaching supports, the over-riding principle is that resources are deployed to address the identified needs of pupils. Importantly, those with **the highest level of need should have access to the greatest level of support**. We consider methodologies best suited to promoting meaningful inclusion such as differentiation, heterogeneous grouping, team-teaching and small group teaching. In addition to literacy and numeracy difficulties, many pupils will have specific needs in such areas as oral language, social interaction, behaviour, emotional development, motor skills and application to learning.

The SET team meets relevant class teachers in September, January and May/June and together they review children's needs, the resources in place and progress made using the Continuum of Support problem-solving model of assessment and stage approach flow charts. This information is used to review all support, and allocate resources for the subsequent term/year.

We cross-reference the needs of pupils at School Support and School Support Plus levels and consider common needs that can be met by grouping, to ensure effective and efficient teaching and learning approaches.

SELECTION PROCESS FOR ALLOCATING ADDITIONAL TEACHING SUPPORT

Stage 3 School Support Plus	<ol style="list-style-type: none"> 1. Children with identified complex needs by an external professional such as a <ul style="list-style-type: none"> • Physical Disability • Hearing Impairment • Visual Impairment • Emotional Disturbance • Moderate General Learning Disability • Severe/Profound General Learning Disability • Autistic Spectrum Disorder • Assessed Syndrome • Specific Speech and Language Disorder/Impairment 	School Support Plus Plans	<p>Type of Support In-Class Support Team-Teaching Group Withdrawal Individual Withdrawal</p> <p>Personnel SET teacher Class Teacher Outside Agencies</p>
Stage 2 School Support	<ol style="list-style-type: none"> 2. Prevention and Early Intervention Programs (Aistear, Infant Early Literacy and Numeracy, and Guided Reading Junior Infants to 2nd class - LLO and PMs.) 3. Children in JI & SI for whom English is an additional language or children for whom English is an additional language newly arrived in Ireland in 1st – 3rd 4. Children on or under the 12th Percentile in Literacy Standardised Tests 5. Children with an identified need assessed by external professionals who are not on or below the 12th percentile in Literacy such as <ol style="list-style-type: none"> 1. Borderline Mild General Learning Disability 2. Mild General Learning Disability 3. Specific Learning Disability 4. Attention Deficit Disorder/ Attention Deficit Hyperactivity Disorder 6. Children on or under the 12th Percentile in SIGMA T 7. Children with a identified need by external professionals who are not on or below the 12th percentile in Numeracy <ol style="list-style-type: none"> 1. Borderline Mild General Learning Disability 2. Mild General Learning Disability 3. Specific Learning Disability 4. Attention Deficit Disorder/ Attention Deficit Hyperactivity Disorder 8. Children who have not made adequate progress after interventions at Stage 1 9. Children in 1st – 6th who have not made adequate progress after EAL interventions 	Group or Individual Profile and Learning Programme	<p>Type of Support In-Class Support Team-Teaching Group Withdrawal Individual Withdrawal</p> <p>Personnel SET teacher Class Teacher</p>

Timetabling

When drawing up timetables it is important to remember that:

- Timetables should be continually reviewed
- Children should not miss the same subject each time they are withdrawn
- Interruptions to classes/classrooms should be kept to a minimum.

Tracking, recording and reviewing progress

Provision for pupils with special educational needs is enhanced through clear identification processes and careful planning of interventions to address academic and/or personal and social development needs. Identification of needs, planning, target-setting and monitoring of outcomes are essential elements of an integrated and collaborative problem-solving process.

Student Support File

We use a Student Support File to plan interventions and to track a pupil's pathway through the Continuum of Support. It facilitates us in documenting progress and needs over time and assists us in providing an appropriate level of support to pupils, in line with their level of need. Our Student Support File is based on the NEPS template and blank templates are stored on the school server. All support files should include:

- Cover sheet with pupil's details
- A timeline of actions
- Record of support received
- Standardised/ Diagnostic test scores
- Support plans (See below)
- Checklists

A class teacher should open a Student Support File once a child is placed on Stage 1 of the continuum – Classroom Support. This is stored digitally on teacher laptops, and a paper copy is stored in the class teacher's assessment folder and SEN filing cabinet in SENCo's room. At the end of the year, a copy of the full information gathered is moved to the Child's SEN file in the SENCo's filing cabinet. The "log of actions" page is to be passed on to the teacher for the following year.

If, after a number of reviews, the child's case is moved to School Support, this information is then transferred into the child's SEN file in the SENCO's room. The School Support plan is also stored digitally on a SET laptop which is encrypted. It is the responsibility of the class teacher and the allocated SET to access and update the information in the Student Support File. Class teachers will keep a copy of the listed targets.

The same system is in place for children on School Support Plus.

Support Plans

We use three different support plans for the three stages of support on the Continuum of Support.

Stage 1 – Classroom Support

A Support Plan at stage 1 is a **Classroom Support Plan**. (CSP) This is a simple plan which is drawn up by the Class Teacher in collaboration with the pupil's parents, which outlines the pupil's additional educational needs and the actions, including individualised teaching and management approaches, which will be taken to meet the pupil's needs. The plan may also include home-based actions to be taken by the pupil's parents to support their child's development. The Classroom Support Plan should include a review date. This could be at the end of a school term.

Stage 2 – School Support

A Support Plan at stage 2 is drawn up by the class teacher and appointed Special Education Teacher. It will set out the nature of the pupil's learning difficulties, define specific teaching, learning and/or behavioural targets and set a timescale for review. Where appropriate, the plan should be implemented within the normal classroom setting and complimented by focused school based intervention programmes. Depending on the nature of the needs and on the school context, additional teaching might be within a small group or individual or a combination of both either in class or on a withdrawal basis. Home-based actions may also be included. After the plan has been drawn up, it should become a working document through the careful monitoring of the pupil's response to the actions taken.

Stage 3 – School Support Plus

A Support Plan at stage 3 is drawn up by the class teacher and appointed Special Education Teacher, in consultation with the child's parents/guardians, professionals external to the school and (if appropriate) the child, based on the information gathered. It will set out:

- The nature and degree of the pupil's abilities, skills and talents
- The nature and degree of the pupil's special educational needs and how those needs affect his/her educational development
- The present level of educational performance of the pupil
- The special education and related support services to be provided to the pupil to enable the pupil to benefit from including:
 - Strategies for supporting the pupil's progress and inclusion in the classroom setting
 - Individual and/or small group interventions/programmes
 - Specific methodologies/programmes to be implemented
 - Specific equipment/materials and/or IT supports, if required, to support learning and access to the curriculum
 - Support required from a Special Needs Assistant (SNA), if appropriate
 - The goals which the pupil is to achieve over a period not exceeding 12 months
 - The pupil's priority learning needs, long and short term targets to be achieved, the monitoring and review arrangements to be put in place

SEN Records

Individual SEN Files

All pupils' SEN files are stored electronically on SET laptops, and in paper format in a locked filing cabinet in the SENCO's room. It is the responsibility of SETs to update and manage the files of the children on School Support and School Support Plus that they support. It is the responsibility of the class teachers to update and manage the SEN files of children on Classroom Support.

The following should be stored:

- Student Support File
- Psychological Report
- Copy of referrals made to outside agencies
- Copy of reports from outside agencies
- Record of SEN meetings with parents, outside agencies and inter- school meetings
- Record of SEN correspondence between parents, outside agencies and school staff
- Test results for ELT, Jolly Phonics and Test2r, Drumcondra Reading, Drumcondra Spelling, SIGMA-T, NNRIT
- SEN children in receipt of interventions record sheets

Communication between SET Team/Principal/Class Teachers

Termly meetings between the SET team and class teachers are organised and cover is provided. The SET team meet as required, and often with the Principal. The SENCO meets regularly with the Principal, and SEN is a regular item at Staff Meetings.

Health and Safety Issues

Every staff member and pupil is entitled to a safe, secure environment and to be treated with due respect. All appropriate measures are taken to ensure the safety of each pupil with SEN. When a place is offered to a child with SEN, every effort will be made to ensure that the supports to which the child is entitled are in place as soon as possible. Staff members will be informed of any potential risks and, where necessary, individual plans will be drawn up and implemented.

Supervision/Child Protection

- Where pupils receive support on a one-to-one basis, the SET is responsible for ensuring that both themselves and the pupil are visible through the glass panel in the door.
- Where there is no glass panel, the door of the room should remain open.
- Where pupils are withdrawn for support, the SET/SNA should collect and return individual children (Infants to 3rd Class) to their classrooms.
- Where a child has access to an SNA, the SNA may withdraw the child from the class for movement breaks, etc. if a plan is in place with the class teacher. The child must always be accompanied by another child.

Ratification and Communication

This revised policy was ratified by the Board of Management meeting on 25th March 2019. It will be communicated to staff by email, and also saved on the staff server. It will be available to parents and the school community on the school website.

Implementation and Review

This policy will be implemented from Easter 2019. It will be reviewed every two years by the Special Education Team and all staff, in consultation with all parents.
